BOARD GAMES | VIDEO GAMES | ENTERTAINMENT

The web portal “Spielpunkt - Games und Entertainment” launched in 2014 and is now celebrating the tenth birthday. All began with a small idea, grew over the years, and is now one of the most important independent websites for board games and selected news about video gaming and entertainment in Germany.

Our mission: We publish news and articles about parts of our hobby that we are interested in ourselves. Unlike bigger news portals driven by media publishers, we listen to what our “bubble” loves to play in their free time. We’re dedicatedly working on behalf of professional journalistic standards.
